Many thanks for the consultation which we have now received, regarding the Wickersley Neighbourhood Plan draft consultation.

Whilst gratefully received, having reviewed the documentation on your website (and being mindful of the extensive Local Plan work we already undertake with the Council's LP team), there is little formal comment to make at this point on behalf of the Secretary of State for Transport, and their primary interests.

It remains that any planned development already identified in the wider LP consultations for Rotherham has been accounted for and the council has our extant comments. Should new development be forthcoming, that which sits outside of the existing adopted LP, we would look to review this as with any normal planning application – on its own merits, and any supporting mitigation it may require.

At this time therefore, I have no evidence to support that the draft Neighbourhood Plan (as proposed) would have a significant impact to the continued safe operation of the SRN which could not either be accommodated by the levies we already have inserted in the LP, or through separate standalone mitigation (if identified as necessary in the future). Highways England will however remain vigilant to the aggregated impact of all local Parish aspirations, when determining our position on the Local Plan for Rotherham Council, now, and in the future.

Q5. Do you wish to be notified of the Council's decision under Regulation 19 of the Neighbourhood Planning Regulation 2012 whether to accept the Examiners' recommendation? (please tick)
