Independent auditor's report to the members of Rotherham Metropolitan Borough Council

In our auditor's report issued on 16 January 2023, we explained that we could not formally conclude the audit and issue an audit certificate for the Authority for the year ended 31 March 2022, in accordance with the requirements of the Local Audit and Accountability Act 2014 and the Code of Audit Practice, until we had completed:

- our work on the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources and issued our Auditor's Annual Report. We have now completed this work, and the results of our work are set out below.
- the work necessary to issue our Whole of Government Accounts (WGA) Component Assurance statement for the Authority for the year ended 31 March 2022. We have now completed this work.

Opinion on the financial statements

In our auditor's report for the year ended 31 March 2022 issued on 16 January 2023 we reported that, in our opinion the financial statements:

- give a true and fair view of the financial position of the Authority as at 31 March 2022 and of its expenditure and income for the year then ended;
- have been properly prepared in accordance with the CIPFA/LASAAC Code of practice on local authority accounting in the United Kingdom 2021/22; and
- have been prepared in accordance with the requirements of the Local Audit and Accountability Act 2014.

No matters have come to our attention since that date that would have a material impact on the financial statements on which we gave this opinion.

Report on other legal and regulatory requirements - the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources

Matter on which we are required to report by exception – the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources

Under the Code of Audit Practice, we are required to report to you if, in our opinion, we have not been able to satisfy ourselves that the Authority has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2022.

We have nothing to report in respect of the above matter except on 1 April 2022 we identified a significant weakness in the Authority's arrangements for improving economy, efficiency and effectiveness. This was in relation to a July 2021 Ofsted and Care Quality Commission (CQC) joint inspection of the effectiveness of the Authority's implementation of the special educational needs and disabilities (SEND) reforms set out in the Children and Families Act 2014. The inspection identified significant areas of weakness in the Authority's arrangements for implementing SEND reforms. We recommended that the Authority:

- have a clear Written Statement of Action (WSOA) in response to the inspection's findings
- develop an action plan to implement their WSOA
- ensure that the action plan is subject to formal monitoring and challenge by the Authority's Improving Lives Select Commission.

While the Authority made some progress in implementing Ofsted and CQC recommendations during 2021-22, not all WSOA recommendations were actioned. The Authority has set itself a target to implement all the WSOA recommendations by 30 September 2023. Therefore, the significant weakness in arrangements remains in place for the year ended 31 March 2022.

Responsibilities of the Authority

The Authority is responsible for putting in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources, to ensure proper stewardship and governance, and to review regularly the adequacy and effectiveness of these arrangements.

Auditor's responsibilities for the review of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources

We are required under Section 20(1)(c) of the Local Audit and Accountability Act 2014 to be satisfied that the Authority has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. We are not required to consider, nor have we considered, whether all aspects of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

We have undertaken our review in accordance with the Code of Audit Practice, having regard to the guidance issued by the Comptroller and Auditor General in December 2021. This guidance sets out the arrangements that fall within the scope of 'proper arrangements'. When reporting on these arrangements, the Code of Audit Practice requires auditors to structure their commentary on arrangements under three specified reporting criteria:

- Financial sustainability: how the Authority plans and manages its resources to ensure it can continue to deliver its services;
- Governance: how the Authority ensures that it makes informed decisions and properly manages its risks; and
- Improving economy, efficiency and effectiveness: how the Authority uses information about its
 costs and performance to improve the way it manages and delivers its services.

We documented our understanding of the arrangements the Authority has in place for each of these three specified reporting criteria, gathering sufficient evidence to support our risk assessment and commentary in our Auditor's Annual Report. In undertaking our work, we have considered whether there is evidence to suggest that there are significant weaknesses in arrangements.
